*Travelling is an experience

that can teach us so many things that you cannot possibly learn while living at home.

*Firstly, it teaches you how to make new friends.

*The world is full of people who love interacting.

*You

get to make friends when you travel to new places and spend quality time with them. *

Travel provides experiences to define a person's place and purpose and establishes

lifelong values and priorities.

Discovering a new place is also a chance to

discover one's self, without the usual influences of home.

Llike

to travel but, then again, I'm very fond of my home.

*It's often quicker to travel across country and avoid the major roads altogether.

*Passengers without proper documentation will not be allowed to travel.

*The elderly travel free on public transport.

*We like to travel in the autumn when there are fewer tourists.
